## **BLACKHAWK! SMALL PRY™** *The Newest Collaborative Result from BLACKHAWK!'s Dynamic Entry and Knife Categories*

**NORFOLK, VA** - BLACKHAWK! Products Group's Dynamic Entry and Knife categories have collaborated to design and develop a revolutionary new breaching tool that combines specialized prying capabilities with a readily available cutting edge. The Small Pry is designed to be the perfect tool for specialized entry functions like prying interior doors and drawers, window "break-and-rake" operations, removing screens and chopping through drywall. The Small Pry is machined from solid D-2 tool steel and tempered to RC-55-57 for extreme toughness. It also features a black epoxy powder-coat finish for durability and corrosion resistance and a checkered thermoplastic rubber handle for a secure, comfortable grip. The BLACKHAWK! Small Pry is an incredibly versatile tool that comes complete with an injection-molded nylon sheath and a choice of either a S.T.R.I.K.E./MOLLE hardware attachment kit or a mounting kit that fits Dynamic Entry's popular tactical backpack kits.

Presently scheduled to start shipping in April 2009, the BLACKHAWK! Small Pry is available as 15DE00BK-STRIKE for S.T.R.I.K.E./MOLLE attachment or 15DE00BK-PACK for mounting in a Dynamic Entry tactical backpack. Suggested retail price is \$199.99

#### Additional Specifications:

Blade Length – 4.390"/112 mm  
Overall Length – 14.460"/367mm  
Edge Type – Plain edge only

#### **About BLACKHAWK!<sup>®</sup>:**
