From fully multi-coated lenses to ED Prime glass and our exclusive EXO Barrier™, Bushnell's tactical line of optics delivers superior clarity, resolution, and definition needed for the toughest engagements.

Turret travel and tracking repeatability are everything in this business, and Bushnell's tactical optics are a leader in the market giving you the ability to put shots down range accurately and at further distances.

When the competition is fast, you'll be faster with Bushnell's tactical line of optics because they're designed for rapid deployment and acquisition with features like ThrowHammer™ throw levers and oversized T-Lok™ adjustment knobs. These features and more along with our legendary durability give you the competitive edge to take home the win.

**Bottom line - Bushnell's tactical lineup has been designed to give you the confidence you need - each and every time.**

## LIFETIME WARRANTY

As the name implies, this warranty bonds the workmanship and our promise to you. A new Bushnell is here. We guarantee that your product is free from defects in materials and will meet all your performance standards for the lifetime of the product. In the event your product is not working properly we will repair or replace the product at no charge to you.

To make it easier – this full lifetime warranty is fully transferable and requires no receipt, warranty card or product registration. No hassles or extra work. Just our commitment and promise to be there for you.

All products announced on or after April 2017 are covered under the Bushnell Ironclad Warranty. For full coverage details including which products, lifetime and component details, please visit [Bushnell.com](http://Bushnell.com).

## PREMIUM FEATURES

**BDC RETICLES -**  
 Designed for use with specific cartridges, AR OPTICS® riflescopes provide precise elevation holds through BDC (Ballistic Drop Compensation) reticles and turret systems.

**AR 15/10 COMPATIBLE -**  
 Engineered specifically for today's modern sporting rifle, AR OPTICS feature a low profile design and a wide field of view.

**CLARITY & RESOLUTION -**  
 AR OPTICS riflescopes deliver the best-in-class resolution and contrast through the use of high definition glass, Fully Multi-Coated lenses, and other unique processes known only to Bushnell.

**PCL -**  
 Lightning quick power changes with the Throw Down PCL lever. Every scope features a Throw Down™ PCL lever that can be customized with two different heights.

## PREMIUM FEATURES

### OPTICS FOR EVERY USE -

AR OPTICS® red dots are designed for use on multiple firearm configurations. Compatible for use on rifles, pistols, shotguns and modern sporting rifles.

### INNOVATIVE MOUNTS INCLUDED -

AR OPTICS red dots come standard with mounts included for quick installation and use. Red dots can be easily positioned per user preference.

### EXTENDED BATTERY LIFE -

Improves upon industry-leading battery life, with some models exceeding 50,000 hours.

### BRIGHTNESS -

Adjustable brightness settings, visible at all hours and in every lighting condition.

### PREMIUM FEATURES

#### MIL-DOT RETICLES -

Tried and true classic Mil-Dot reticle designed for ranging and shooting. Preferred reticle of choice for elite military and law enforcement professionals.

#### DURABLE DESIGN -

TAC OPTICS® riflescopes are engineered with a rugged, durable design capable of handling the harshest environments and are purpose built for multiple rifle platforms.

#### PROTECTED FROM THE ELEMENTS -

TAC OPTICS riflescopes feature our patented EXO Barrier™ lens coating. Molecularly bonded to the glass, EXO Barrier repels water, fog, oil, dust and debris.

#### ADVANCED CLARITY & RESOLUTION -

TAC OPTICS riflescopes deliver advanced resolution and contrast through the use of high definition glass, Fully Multi-Coated lenses, and other unique processes known only to Bushnell.

## PREMIUM FEATURES

### ED PRIME GLASS -

Featuring our proprietary HDOS design (High Definition Optical Design), ELITE TACTICAL riflescopes come standard with ED Prime glass to deliver superior color while also preventing chromatic aberration so no detail goes unnoticed.

### PROTECTED FROM THE ELEMENTS -

Enhanced to defeat any weather condition, the ELITE TACTICAL riflescopes feature our patented EXO Barrier™ lens coating. Molecularly bonded to the glass, EXO Barrier repels water, fog, oil, dust and debris.

### UNPARALLELED CLARITY & RESOLUTION -

ELITE TACTICAL riflescopes deliver the best resolution and contrast possible through the use of high definition glass, Fully Multi-Coated lenses, and other unique processes known only to Bushnell.

### THROWHAMMER™ LEVER -

Easily adjusts magnification changes with a snap of a finger.

### REVLIMITER™ ZERO STOP -

The elevation turret provides 10 mils of adjustment per revolution and is also equipped with the easy-to-set RevLimiter™ Zero Stop for a positive return to zero.

## PREMIUM FEATURES

### BLUETOOTH & APPLIED BALLISTICS -

Connect to your smartphone to update display and settings as well as configure ballistics data to get holdovers and wind adjustment. Download the Bushnell Ballistic App on Google Play or at the App Store.

### UP TO 2X BRIGHTER IN LOW LIGHT -

The NITRO™ rangefinder features an all-glass optical system and an improved LCD display. This combination provides up to 2X brighter viewing along with improved light transmission to give you more hunt time at dusk and dawn.

### PROTECTED FROM THE ELEMENTS -

Enhanced to fend off anything Mother Nature can throw at it, the NITRO rangefinders feature our patented EXO Barrier™ lens coating. Molecularly bonded to the glass, EXO Barrier repels water, fog, oil, dust and debris.

### ANGLE RANGE COMPENSATION (ARC) -

Extreme up and downhill angles alter true horizontal distance to your target. ARC accounts for the terrain angle when calculating distance, so you know precisely how to shoot the range. No guesswork.

### PREMIUM FEATURES

**HIGH DEFINITION OPTICAL SYSTEMS -** Long range shooters know that an effective spotter is a critical component to making hits at distance. All our tactical observation devices utilize Bushnell's High Definition Optical System designs to ensure the highest level of clarity for tracking bullet trace and impacts.

**RETICLE OPTIONS AVAILABLE -** The LMSS and Tac Optics<sup>®</sup> spotting scopes include reticles placed in the first focal plane for calling accurate wind and hit corrections at any magnification and distance.

**VERSATILE DESIGNS -** Each Bushnell Tactical Observation device serves a unique end user need. The LMSS is the sleekest field scope on the market and features an ultra-wide field of view with the 8x low power magnification. The Tac Optics spotter is a short and lightweight, packable design for easy of carry in the field. The Forge<sup>™</sup> 15x56 binoculars allow for considerably less eye strain than spotting scopes for comfortable use all-day.

**ADVANCED TITANIUM TRIPOD**  
784040

Three-position leg angle adjustment, three-way pan head, two pan and tilt handles and a gearless reversible center column. Bushnell® quality with moderate carrying weight, this is the ultimate stand-up tripod.

Max height: 63"  
Weight capacity = 4kg (8.8lbs)

**ADVANCED TRIPOD**  
784030

This is a full-featured stand-up tripod for viewing from a platform, roadside or deck where portability is not essential.

Max height: 60"  
Weight Capacity: 4kg (8.8lbs)

**LARGE CAR WINDOW MOUNT**  
784405

The traveling hunter and birder's secret. You'll see these mounts holding spotting scopes on car windows from Yellow Stone National Park to the Everglades.

**TRIPOD ADAPTOR**  
BAHQRADPT

Ensure rock solid all day viewing with machined, billet aluminum frame and shake proof hinge design. Quick release attachment allows for fast, durable and secure viewing in any environment.

**BINOCULAR HARNESS WITH QUICK DETACH**  
BASFHARN

It'll be easy to forget you're carrying binoculars with this lightweight, vented and comfortable harness. Multiple strap adjustments allow for optimal comfort, placement and hands free operation until you need the binoculars. Remove and securely attach binoculars quickly and effortlessly from harness with the quick detach clips.

## NEW BUSHNELL® BALLISTIC CALCULATOR

**Bushnell**

### NEW BUSHNELL BALLISTIC CALCULATOR

- Optimized for Bushnell riflescopes and feature precise Bushnell reticles.
- Uses the AB Ballistics Engine.
- Custom Firearm and Ammo Profiles.
- Bullet Library.
- Interactive HUD Output.
- Does not require cell service to function (works off grid).
- Out-of-the-box support for recent Bushnell riflescope families.

**AVAILABLE NOW**

GET IT ON  **Google Play**    Download on the  **App Store**

AND ON BUSHNELL.COM

## NEVER MISS™
